Name Tags: Uploading name tags

In order for name tags to be uploaded with your photos from Picasa to Picasa Web Albums, you need to take the following steps:

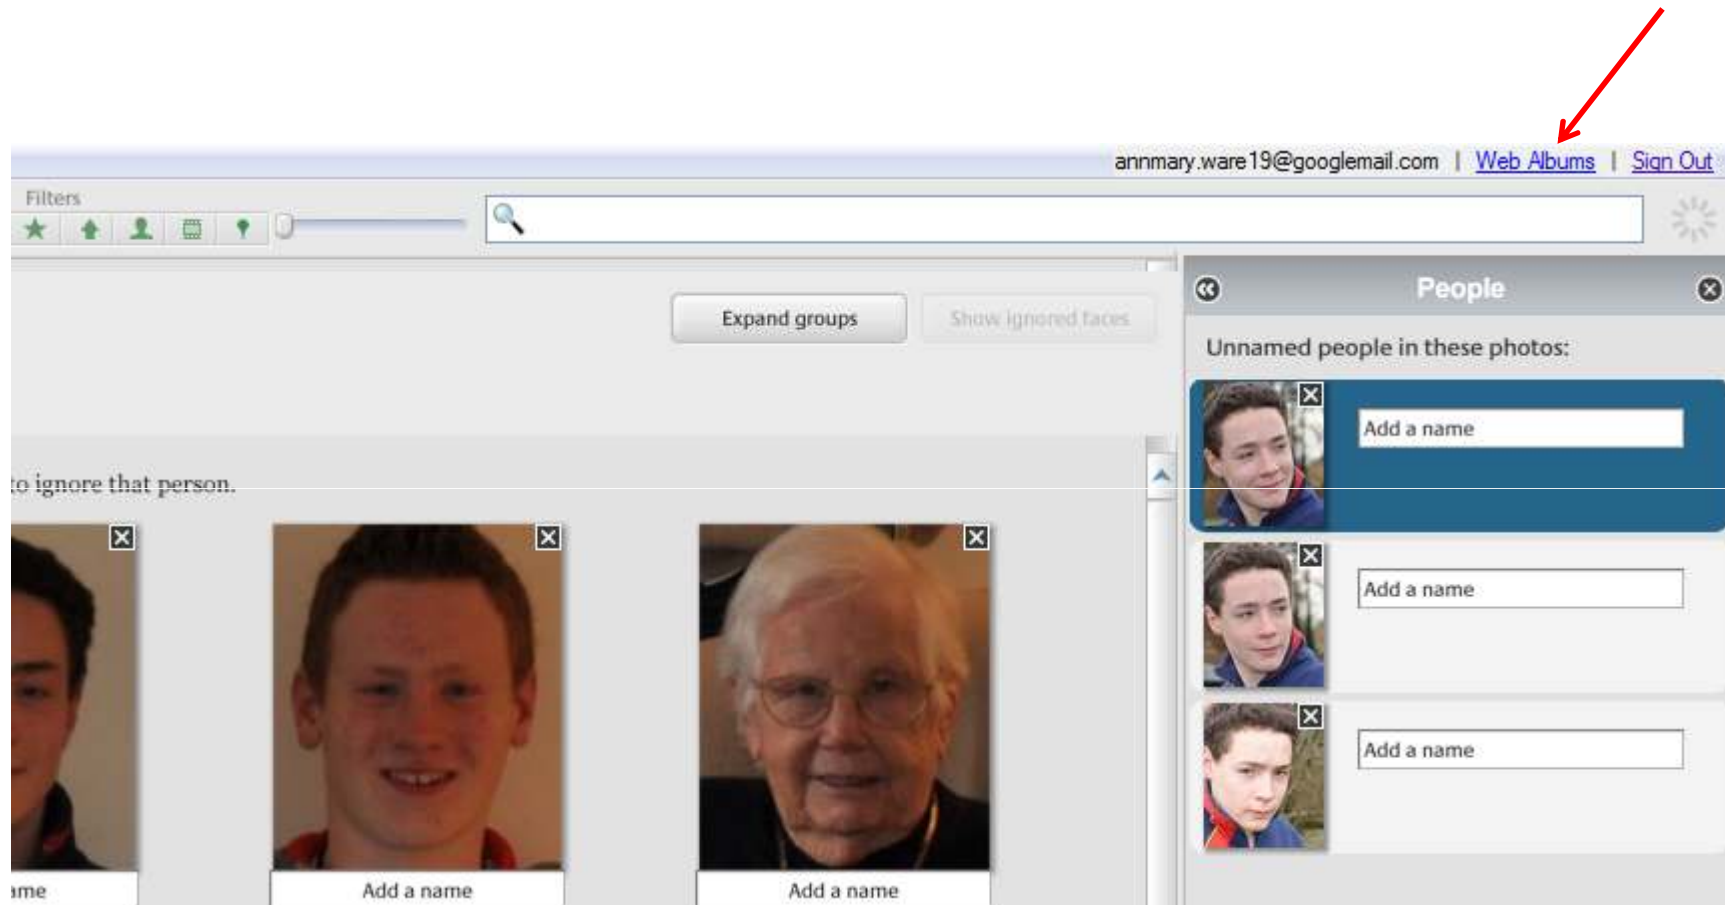

- [Turn on name tags](#) in Picasa Web Albums.
- Make sure your Picasa settings allow name tags to be included with photo uploads.
 1. In Picasa, click **Tools > Options** (PC) or **Picasa > Preferences** (Mac).
 2. Select the **Web Albums** tab.
 3. In the 'Name tags' section, toggle the box next to 'Include with photo uploads.'
 4. Click **OK**.

To correct an incorrect name tag

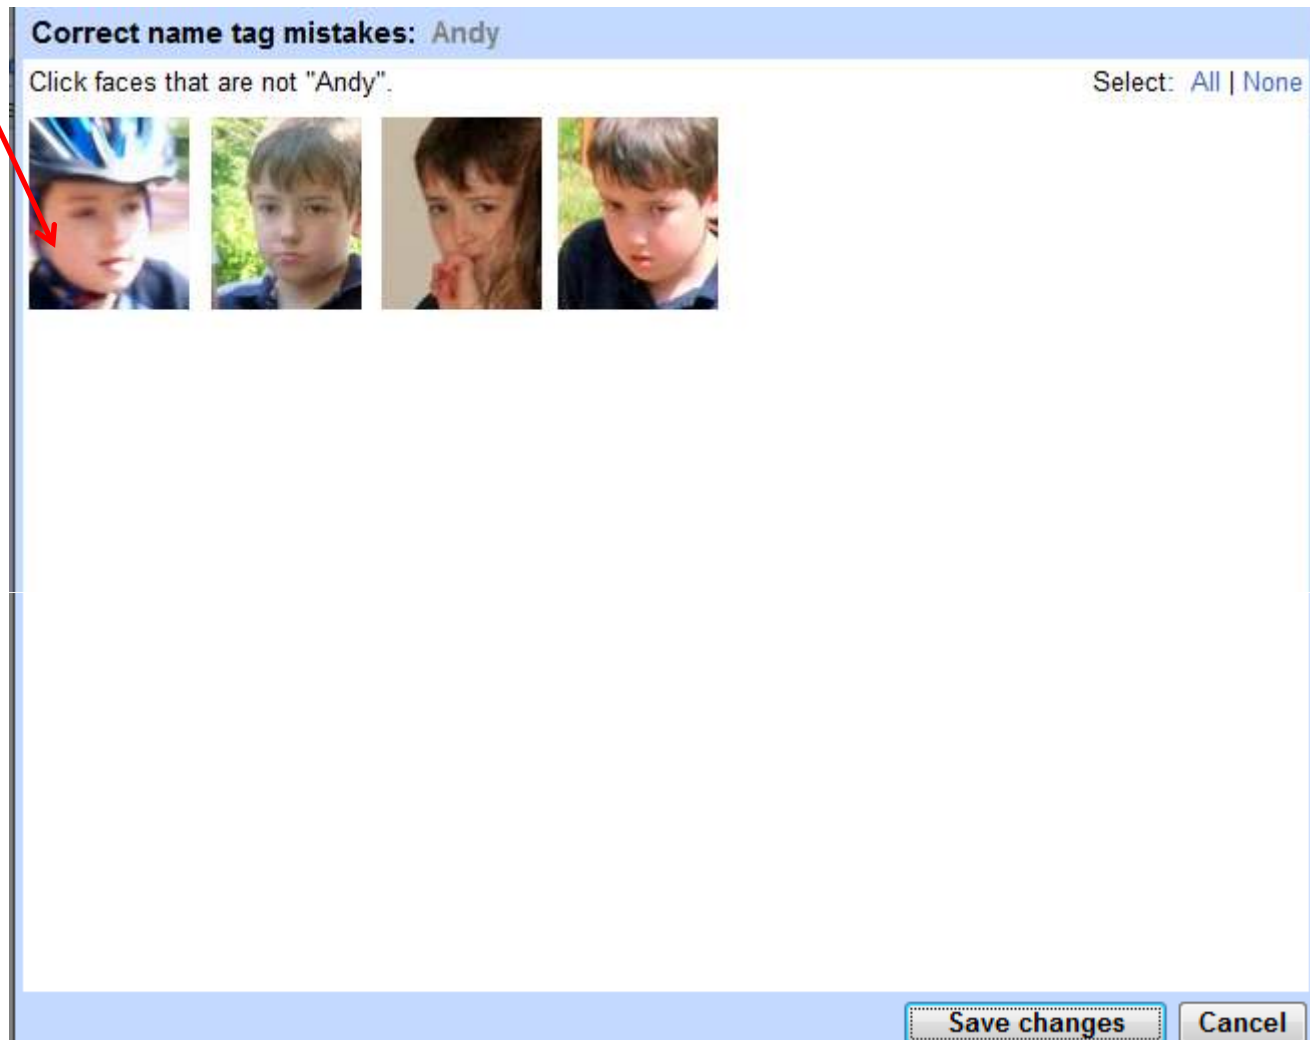

Click on people tab in Web Albums

The screenshot shows a web browser window with the Picasa Web Albums interface. The address bar shows 'Picasa Web Albums - annmary.ware19'. The navigation bar includes 'Mail', 'Calendar', 'Documents', 'Reader', 'Web', and 'more'. The main navigation area has 'Picasa Web Albums', 'My Photos', 'People', and 'Explore' tabs, with an 'Upload' button. Below this, there are links for 'People in my photos', 'Favourites', 'Suggested Favourites', and 'Fans'. A toolbar contains 'Slideshow', 'View photos', 'Merge', and 'Add name tags'. A list of people is displayed, each with a photo and name: 'Amy (18) Amy Bourne', 'amy (6) amy', 'Andy (4) Andy Rutter', and 'Ann Mary War... (2) Ware, Ann Mary (Sky) annware@sky.com'. A search icon is on the right. A menu for the selected person includes 'Show name tags', 'Change', 'Edit contact', 'Correct name tag mistakes', and 'Delete all name tags'. Two red arrows point to the 'People' tab and the 'Ann Mary War...' entry.
